

VEHICLE COUNTER-AMBUSH TACTICS 1

Description: To survive a vehicle ambush you must immediately change the dynamic by establishing dominance over the adversary. Students will learn to use a handgun to counter “near ambushes” from inside a vehicle (distances under 25 meters). The class will cover the following topics:

- ◆ Demonstration of cover/concealment options around vehicles
- ◆ Counter-surveillance and pre-attack indicators
- ◆ Strategies to overcome near ambushes
- ◆ Live-fire shooting while seated in the vehicle - solo and pairs
- ◆ Exiting the vehicle under fire
- ◆ Engaging targets while outside of the vehicle
- ◆ Force-on-force scenarios to validate training

Instructor: Dan Butler is the owner of Paladin Tactical US, LLC. He has provided instruction in firearms and tactics to local and federal law enforcement officers over the last 20 years. An additional instructor will assist with the course.

Required Equipment:

Handgun with 3+ magazines and 300 rounds of ammunition
